

The National Cancer Institute's Office of Liaison Activities is pleased to offer a teleconference series on crosscutting issues in cancer research. Members of cancer advocacy organizations, survivors, family, and friends are encouraged to participate in each call to learn more about NCI's important cancer research programs and how advocates are involved. Callers will have the opportunity to ask questions of panel members.

Why Statistics Matter for Advocates: *Follow Up from the April, 2005 SEER Advocacy Teleconference*
